Re: The Center; FEC Identification Number: C00488585

Dear Mr. Baisden,

Reference is made to your letter dated April 7, 2015 (a copied of which is attached here). As you and I discussed over the phone, the discrepancy between the ending balance of our 2013 Amended Mid-Year Report and our 2013 Year-End Report was due to the fact that certain contribution refunds totaling \$12,200 were inadvertently included in the Mid-Year Report although the refunds were not issued until after the end of the Mid-Year reporting period.

Attached here are a further amended 2013 Mid-Year Report and an amended 2013 Year-End Report. The contribution refunds are now correctly reflected on the Year-End Report as having been made during the second half of 2013. No subsequent reports were affected by this correction.

Please do not hesitate to contact me at (215) 575-7144 with any questions.

Best regards,

  
Alex Braden  
Treasurer
